Pecos Independent School District Board Resolution 2013

Resolution To Support Pecos Middle School SIG II Re- Application

Whereas, the students of PMS deserve the best education that the staff of PMS, the District administration and Board, and the State can provide;

Whereas, the teaching staff has been actively involved with the administration in drafting a School Improvement Grant II Re-Application proposal that reflects significant change;

Now, therefore, be it resolved that we the members of the Pecos Independent Schools Board of Education support the Pecos Middle School Improvement Grant Re-Application, recognizing that it will mean

- continuous improvement in teacher/leadership effectiveness,
- instructional reform strategies that give the building leadership more latitude and require district-level support,
- extended learning time and creating a more community-oriented school,
- active and strategic recruitment and retention of quality staff,
- job-embedded professional development,
- a better aligned curriculum,
- better data collection and analysis, and
- non-academic support for our students.
