# **DISCIPLINE**

## **PHILOSOPHY**

Pecos High School works to maintain a system of discipline that effectively reduces behaviors in students which interfere with their learning process or the learning process of others. The best decisions for managing student behavior are based on a value system that maintains the dignity of the student and teacher. Each student and teacher must demonstrate attitudes and behaviors that contribute to a safe and positive learning environment. Maintaining a system of discipline is the responsibility of the total staff and student body with the support and cooperation of parents and community. **IT IS THE RESPONSIBILITY OF EVERY STUDENT TO READ AND BECOME FAMILIAR WITH THE STUDENT DISCIPLINE CODE. Students and parents will sign and submit the Code of Conduct Agreement within the first 30 days of school.**

## **EXPECTATIONS OF STUDENT BEHAVIOR**

Pecos High School students will develop:

1. Respect for themselves and the rights and property of others.
2. Ability to make responsible decisions.
3. Responsive attitude towards the needs of others as well as their own.
4. Responsibility for their own learning in order to become productive citizens.
5. Their talents to the fullest - be in class, on time, every day. Contribute positively to the class and its activities.

## **DUE PROCESS**

Pecos Independent Schools adheres to the constitutional principle that a student must be guaranteed due process whenever involved in a disciplinary situation, which might result in suspension or expulsion. The minimum constitutional requirements of due process mandate that the student be given:

1. Oral or written notice of charges against him/her
2. Explanation of the evidence school authorities have
3. Opportunity for the student to admit or deny the alleged violation and to give his/her side of the story
4. Length of time the student will be excluded from school

## **EXCLUSION FROM CLASS**

A teacher may temporarily exclude a student from class when the student's misbehavior or the disruptive effect of a student's conduct makes the student's presence during the class period incompatible with the learning process in class. Parents will be notified if a student is asked to leave the classroom. Students excluded from class must report immediately to their administrator in the designated office. **The student sent to the office must have a hall pass or referral form with the time the student is sent to the office.**

## **INSUBORDINATION**

Insubordination, which includes not following an order or a directive from an administrator, teacher, security guard, or any other school employee is prohibited and will result in disciplinary action.

## **FIGHTING**

Students who engage in any verbal or physical dispute with another student(s) which disrupts the classroom, school activities or the order of the school day can expect to be suspended for **at least three days**. Citations for disorderly conduct will be issued by law enforcement for any physical dispute that warrants suspension.

## **WEAPONS IN SCHOOL**

The Board of Education determines that possession and/or use of a weapon by students is detrimental to the welfare and safety of the students and school personnel within the District. Carrying, bringing, using or possessing any dangerous or deadly weapon on school grounds, in any school building, in any school vehicle or at any school-sponsored activity without the authorization of the school or the School District is prohibited. As used in this policy, "dangerous weapon" means:

- a.) A firearm, whether loaded or unloaded, or a firearm facsimile
- b.) Any pellet, BB gun or other device, whether operational or not, designed to propel projectiles by spring action or compressed air
- c.) A knife
- d.) A student involved in menacing another individual with a knife will be recommended for expulsion regardless of the size of the knife.
- e.) Any object, device, instrument, material, or substance, whether animate or inanimate, used or intended to be used to inflict death or serious bodily injury including, but not limited to slingshot, bludgeon, brass knuckles or artificial knuckles of any kind.

Violation of this policy shall require that proceedings for the expulsion of the student involved shall be initiated immediately by the administrator.

In accordance with federal law, expulsion shall be for no less than one full calendar year for a student who is determined to have brought a firearm to school. The superintendent may modify the length of this federal requirement for expulsion on a case-by-case basis.

The district shall maintain records, which describe the circumstances involving expulsions of students who bring weapons to school including the name of the school, the number of students expelled and the types of weapons involved as required by law.

School personnel shall refer any student who brings a firearm or weapon to school to law enforcement.

## **TYPE I BEHAVIOR**

Student behavior, which is disorderly or otherwise unacceptable is known as Type I Behavior. Students who engage in Type I Behavior will normally be disciplined by the principal or other school official. Disciplinary actions may range from being removed temporarily from class to In-school Suspension (ISS) (number of days to be determined by school official) in cases where repeated Type I Behavior by a student causes substantial problems for the school, the misconduct becomes Type II Behavior and the principal reports information to the superintendent for more serious consequences. **The most common protocol for Type I behaviors will be warning, phone call home and then ISS. If the behavior continues, we will have to have a parent meeting with administration and teachers to determine further consequences.** Type I behaviors may include but not be limited to the following:

1. Leaving school without proper checkout
2. Tardiness

3. Absenteeism
4. Cheating
5. Minor Theft

- When one person has more power, so the person being victimized feels that he/she can't defend him/herself.
- When a person, who is a target, may feel embarrassed, hurt, scared, and/or angry.

***Bullying will not be tolerated.*** Unacceptable behaviors that interfere with the respect, responsibility and safety of students include all aspects of bullying:

**CONCERNING STUDENT CONDUCT IN THE PUBLIC SCHOOLS**

State Law provides "...Due process of law to all persons involved, for mandatory procedures to be used following instances of assault upon, disorderly conduct toward, harassment of, or any alleged offense under the "New Mexico Criminal Code" directed toward a school teacher or school employee or instances of damage occurring on the premises to the personal property of a school teacher or school employee by a "student."

**STUDENT INTERROGATIONS, SEARCHES AND ARRESTS**

The Board of Education seeks to maintain a climate in the schools, which is conducive to learning and protective of the safety and welfare of staff and students. To achieve this goal, it may be necessary for school personnel to search the person and/or the personal property of the student and to seize any property deemed to be contraband and/or injurious or detrimental to the safety and welfare of students and staff.

***Searches Conducted by School Personnel:***

□ Searches shall be conducted by the principal or designee when the principal or designee has **reasonable suspicion**/reasonable grounds for suspecting that a search will turn up evidence that the student has violated either the law or Board policy. When reasonable suspicion/reasonable grounds for a search exist, the principal or designee shall search a student and/or the student's property, including backpack, while on school premises or during a school activity under the circumstances outlined in this practice and shall seize any illegal, unauthorized or contraband materials.

□ Any search conducted by the principal or designee shall respect the privacy of the student and not be any more intrusive than necessary, considering the age and sex of the student and the nature of the suspected infraction. The parent or legal guardian of the student should be notified as soon as possible prior to the search and shall be given the opportunity to be present while the search is being conducted. After a concerted effort to do so, if the parents or legal guardian are not located, and further delay would be disruptive to the process, the search may proceed. If the parents or legal guardian are not notified prior to the search, the person performing the search shall document such and the reasons therefore. Whenever possible, the student shall be informed of the reason(s) for conducting the search and the student's permission to perform the search shall be requested. A student's failure to cooperate with school officials conducting a search shall be considered ground for disciplinary action. Immediately after a search, an administrative report shall be prepared by the

school official conducting a search explaining the reasons for the search, the results and the names of any witnesses to the search. Whenever possible, another person shall be available to witness the search. If the search produces evidence to be used as the basis for disciplinary action, the report shall be filed in the student's cumulative folder.

***Definitions:***

1. "Reasonable suspicion"/"Reasonable grounds" is the standard for a search on school property or at school activities carried out by school authorities. Reasonable suspicion/reasonable grounds should be based on facts provided by a reliable informant or personal observation which cause the school official to believe, based on personal experience, that search of a particular person, place or thing would lead to the discovery of evidence of a violation of Board policy or state or federal laws. Reasonable suspicion/reasonable grounds requires more than a mere hunch.
2. "Contraband" consists of all substances or materials prohibited by Board policy or state law including but not limited to drugs, alcoholic beverages, guns, knives, other weapons and incendiary devices.

***Search of School Property by School Personnel:***

School lockers, desks and other storage areas are school property and remain at all times under the control of the school. School property provided for the use of students is subject to inspection, clean-outs, access for maintenance and search pursuant to this policy. Students shall assume full responsibility for the security of their lockers and/or other storage areas in the manner approved by the administration. Students shall be responsible for whatever is contained in desks and lockers assigned to them by the school. The principal or designee may search a desk, locker, or any other storage area and its contents when there are reasonable suspicion/reasonable grounds for a search. Whenever possible, another person shall be available to witness the search.

***Search of the Student's Person by School Personnel:***

The principal or designee may search the person of a student if the school official has reasonable suspicion/reasonable grounds to believe that the student is in possession of contraband. Search of the person shall be limited to the student's pockets, any object in the student's possession such as a purse, shoes, sock, briefcase or backpack, and/or a "pat down" (systematic touching from shoulder to ankle) of the exterior of the student's clothing. Searches of the person shall be conducted out of the presence of other students and as privately as possible. At least one but not more than three additional persons of the same sex as the student being searched shall witness but not participate in the search. The parent/guardian of any student searched shall be notified of the search as soon as reasonably possible. Searches of the person, which require removal of clothing other than a coat or jacket, shall be referred to a law enforcement officer. No strip search shall be carried out by any school employee.

***Seizure of Items:***

Anything found in the course of a search conducted by school officials which is evidence of a violation of law or Board policy or school rules or which by its presence presents an immediate danger of physical harm may be:

1. Seized and offered as evidence in any suspension or expulsion proceeding if it is tagged for identification at the time it is seized. Such material shall be kept in a secure place by the principal until it is presented to appropriate law enforcement officials at the hearing.
2. Turned over to any law enforcement officer in accordance with this policy.

***Appeals:*** Within 10 school days after a search, the student may appeal the search decision to the superintendent who shall investigate the reason(s) and circumstances of the search. The

superintendent shall issue written findings within five school days after receiving the appeal. The appeal can go to the Board of Education if there is still disagreement. It must be placed on the agenda for action.

## **LAW ENFORCEMENT INVOLVEMENT**

### ***Search and Seizure:***

The principal or designee may request a search on school premises, be conducted by a law enforcement officer. When law enforcement authorities are involved in the search, the search will be conducted under criminal law standards rather than under the provisions of this policy. When law enforcement officers respond to such a request, no school employee shall assist or otherwise participate in the search unless under the direct order of the law enforcement officer. If law enforcement personnel seek permission from school authorities to search a student, the student's personal property or school property to obtain evidence related to criminal activities, school officials shall require the police to produce a valid search warrant before the search is conducted unless:

1. There is voluntary consent by the student.
2. Law enforcement advises there is probable cause and circumstances exist such that taking the time to obtain a search warrant would frustrate the purpose of the search.
3. The search is incident to an arrest and is limited to the person immediate surroundings.

### ***Interrogation:***

When law enforcement officials request permission to question/interrogate student-suspects, when the students are in school or participating in school activities, a parent, guardian, legal or physical custodian shall be present unless the student is over 18 or emancipated as that term is defined in state law. Every effort shall be made not to draw any attention to the student being questioned by conducting the interrogation in private and with as little disruption to the schedule as possible. If the subject of the interview is school-related, the law enforcement officer may interview the student witness/victim.

### ***Custody and/or Arrest:***

When custody and/or arrest by the police is involved, all procedural safeguards as prescribed by law shall be observed by the law enforcement officers. This includes all due process procedures including but not limited to obtaining proper arrest warrants where required. Parents/legal guardians shall be notified immediately when custody and/or arrest by the police is involved.

## **ATTENDANCE/TARDY POLICY**

Regular, daily attendance in class is of prime importance in the educational process. All students are expected to attend school for all days of the established school calendar as approved annually the Board of Education and in compliance with the New Mexico School attendance law. Attendance is the responsibility of the student, parents, and the school.

### ***Parent and Student Commitment to the Attendance/Tardy Policy:***

1. Oversleeping is not an excused tardy or absence.
2. There are no school-sponsored "ditch" days.
4. Students will not be excused from one class to work on assignments for another course.
5. Students may not miss or be late to another teacher's class for any reason (testing, errands, assembly set-up, etc.) without receiving permission in advance from the teacher who class the student will be late to or will miss.
6. Pecos High School will continue to honor field trips and other school-related excused activities. The crux of this rule is to deal with situations where there is a consistent disregard for this process. As always, certain situations warrant flexibility.

## **ABSENTEEISM**

Regular and punctual attendance is a significant factor in a student's ability to succeed in school. Frequent absences may lead to poor academic work, lack of social development and possible academic failure. Procedure to address unexcused absence and excused absence attendance issues: The schools shall monitor all student absences and keep separate daily breakdowns of unexcused absences, unexcused tardies, excused absences and excused tardies. New Mexico Public Education Department recommends a loss of credit if a student misses more than 10% of their school year in a particular class. This comes out to **18 days**. If a student misses more than **18 days** of school or a class, they will be reviewed by the attendance committee to determine loss of credit.
