2022/2023 Pecos High School Supplies Information

High school class supplies may include items like notebooks, binders, folders, writing supplies, notecards, graphing calculators and personal items like backpacks and water bottles. High school students may also need a laptop or Chromebook to help with their studies, but we will supply one if needed. The best plan for shopping for high school supplies is to get a list from your child's teacher on the first day of the class detailing what will be needed for that school year. This is due to the various classes and course levels that require your child to have different supply needs. You may feel the urge to purchase items prior to school, but be aware that they may not need all the items you purchase. To be sure... The right tools will help ensure your student stays focused and engaged in learning while ensuring they have the resources to fully participate.
